Greetings,

This is the 3rd attempt to resolve payment of this invoice dated Sept 06, 2021, following the initial request on Sept 10, 2021 & second request on Oct 01, 2021.

Withholding of payment past October 06, 2021 has exceeded the credit terms of NET 30 days, consequently additional penalties of 1% may be levied on delinquent accounts exceeding NET 30 days.

It is advisable to arrange for immediate payment to avoid further arrears.

Hi Chris,

I just got this one I assume this was sent before my reply. I truthfully assume they will pay the ones within 2 years of when you first sent (Not confirmed yet though) and if they say that I have an idea to try to help you with it more. But it will be resolved before the end of the year.

Take care and have a good day

Hi guys,

Sorry for the "diplomatically" worded email you received earlier, just have to maintain due diligence.

Has there been any movement on this front? Do you think this will be resolved in short order, or will we need to get creative with payment plans, etc.

I haven't heard from you since I sent this last email. Have you had any discussions with AP regarding this matter?

I will honor the previous pricing schedule for you. See attached invoices

In normal circumstances one's acquisition would encompass both company assets as well as liabilities. But that's none of my business.

Hi Chris,

Hope you are doing well.

Please see your email below outlining the pricing of \$400 for strapping tables and \$200 for OOR & Deflection graphs or \$150 for one of them. The invoice appears to be incorrect on that front.

Also this work is anywhere from 3- 5 plus years old all of our books are closed for those fiscal years as the most recent invoice is from 2019.

As we no longer own the company we can't just pay you without justification and I do not know how it will work with the closed previous tax years. Please send me the corrected invoice and I will send off to AP and see what they said.

If you want to have a phone discussion please let me know

Take care and have a good day
